

Protect Your Valuable Firearms Through NWTF.

As you know, many types of firearms have appreciated in value and are now more expensive than ever. Without costly appraisals and higher premiums, a homeowner's policy often does not cover more than a \$2,500 loss.

Through the NWTF and Outdoor Underwriters, you can get affordable firearm insurance and be helping the wild turkey. See the opposite side.

Protect your legal firearms and gun accessories with up to \$100,000 in coverage.
